

ACHIEVER AWARD

The Achiever Award is presented to the contestant in her/his particular pageant that has sought out the most sponsorship funds for the Oldham County Fair Pageants. For example, a neighbor, family member or acquaintance owns a business, or personally wants to help sponsor our pageants and the expenses of such, and would like to also receive the free advertising they receive for their sponsorship, the contestant would collect the sponsorship funds, sponsor's information and telephone information and turn them in to the Pageant Coordinator or Director. After the info and funding is turned over, the staff will contact said sponsor and finalize the advertising portion of the transaction.

The Achiever Award is then presented at their pageant to the one contestant of that pageant that has obtained the most sponsorship funds for our pageants. Every penny of the sponsorship or donation is used to produce our pageants, as we are a non-profit and do not receive funding from any city, county or state entity. AND the contestants' participating in this Fund Raiser receive credit for every penny they collect and turn in to the Oldham County Fair Pageants. The prize for this award consist of a cash prize, sash, and other items.

The younger age contestants do not participate in this event and NO ONE is required to participate or gets penalized should they decide not to participate. This is strictly a voluntary "good deed".

There are different "TIERS" of sponsorships, depending on the amount being donated. If you or someone you know are interested, please see the Pageant Director. The advertising a sponsor receives is quite surprising for even small amounts. Thank You!
